imperial russian foreign policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar the contributors leading historians from both russia and the west examine imperial foreign policy from its origins to the october revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar the work is based largely on original research in soviet archives which only became possible after soviet glasnost

using cases from 1879 to 1914 to illustrate a theory of alliance formation and management in a multipolar international system he focuses on austria germany austria germany russia and france russia and examines twenty two episodes of intra alliance bargaining

based on a wide range of primary sources this book shows the way in which diplomacy economics

finance and strategy became intertwined during the first world war the author examines the diplomatic economic financial and military relations between britain and russia and argues that the key to understanding the alliance is the british determination to win the war and the role russia played in achieving this aim british strategy is shown to be more the result of her relations with her allies especially during the first years of the war than a quarrel between east and west this revision of the accepted interpretation of the strategy leads to a reassessment of the views of lloyd george kitchener and grey the author concludes that in 1917 the british interest in russia remained as it was earlier in the war the maintenance of a powerful ally on the eastern front

military alliances drive international politics they embody conflict and cooperation among states and shape the international political landscape despite the profound effect alliances have on the course of international politics many gaps remain in our understanding of their formation continuance and cohesion in this book patricia weitsman introduces a comprehensive theory that unifies current ideas about alliances and examines the relationship between threat and alliance politics under conditions of both war and peace examining military alliances before and during world war i weitsman provides a new interpretation of the politics of the great powers of this period she reveals that states frequently form alliances to keep peace among the allied countries not simply to counter shared external threats though alliances may be perceived by others to present a unified and threatening front countries often face significant threats from within their own alliances it is this paradox that underscores weitsman's theory although alliances are frequently forged to sustain peace they may in fact increase the prospects of war

this volume offers a comprehensive analysis of turkish russian relations from historical roots to contemporary challenges covering five centuries of interaction it explores diplomacy security energy and cultural dimensions within shifting global power structures contemporary turkish russian relations in the 21st century global geopolitics brings together distinguished experts to analyze the evolving dynamics between t rkiye and russia organized into three sections historical foundations regional dimensions and key strategic issues the book offers in depth coverage of topics such as energy security defense industry collaboration cybersecurity and cultural diplomacy contributors examine critical turning points from ottoman russian rivalry to cold war tensions and post soviet rapprochement while addressing regional crises energy politics defense cooperation and soft power strategies with insights from leading scholars this book provides nuanced perspectives on how ankara and moscow navigate competition and cooperation in an era of multipolarity essential reading for academics policymakers and anyone interested in eurasian geopolitics key features multi disciplinary perspectives on bilateral relations analysis of historical legacies and current geopolitical shifts policy oriented insights for regional stability and cooperation ideal for scholars students and professionals in international relations security studies and eurasian affairs contents introduction hasret  omak ozan  rmec  mesut  zel do an  afak polat burak  akir  eker part i history of turkish russian relations ottoman russian relations serdar bay turkish soviet relations during the turkish war of independence and mustafa kemal pasha bar   doster turkish soviet relations during world war ii halit hamzao lu t rk ye ussr and the cold war ankara's swinging pragmatism g rol baba turkish russian relations in the post cold war period ozan  rmec  olgun uk al murat yorulmaz part ii regional aspects of turkish russian relations russia's contested naval power in the black sea and eastern mediterranean a security study with t rk ye's pivotal role mesut  zel turkish russian relations after the russia ukraine war  dil tun er kilavuz turkish foreign policy dilemma between russia and ukraine deniz berktay main challenges against peace and stability in the black sea covid 19 energy security and geopolitics burak  akir  eker and hasret  omak turkish russian relations in
